**Email: George Wells: george.wells@afap.org
Debora Di Dio: debora.didio@afap.org**

**Please RSVP to George or Debora
via email or phone.**

AFAP wishes to invite all our Members, their partners and friends to join us for another working bee at the AFAP MSS (Medical Supply Service) warehouse.

The activities for this working bee are: Pre- position the shipment for Timor Leste, pack small goods in cartons secure and label, reinforce Pallet racking and other maintenance, Audit of use by dates on goods and label.

As a number of you know the warehouse is not the place to wear designer clothes, so suitable gardening clothes with closed in footwear will be ok for the day. We will need a couple of people to operate the Fork Lift and Pallet Jack, which will require wearing safety boots. We do have some safety boots which can be issued on the day.

We will provide tea, coffee and snacks for morning tea, and something suitable for lunch. We anticipate that we should finish around 2.30pm; however, your attendance for a shorter time will be appreciated.

Your assistance is much appreciated and we look forward to seeing you on the day.
